Sunnyside Asks Help.

Sunnyside, N. M. July 6, - The Sunnyside Commercial Club takes the liberty to issue the following statement regarding the disastrous tornado that swept our little community on the afternoon of July 2nd at five o'clock.

Our community has a population of 500 people and is situated seventy miles west of Texico New Mexico, on the Belen Cutoff of the Santa Fe R. R. The railroad name of the community is Ft Summer.

The tornado was accompanied bottle wrapper. by terrific hail that broke out all doors and windows, making the disastrous work of the wind the win easy, to the extend of thirty-five totally wrecked houses and not one left undamaged. The night of July 2nd, 1908, shall always be vividly remembered, and painfully so, by the citizens of our little community. No lights, no stoves, no shelter, no dry clothes, and the ground all but a solid sheet of hail.

It is all but miraculous that scores were not killed, and we are grateful and more than pleased to state that there are only three deaths recorded. ously injured and unlimited numbers bruised with hail and flying timbers.

The maimed and injured were erowded into the depot and one or two other partially dry houses where they spent the longest night of their lives, sighing, wailing and freezing, clad in wet clothes and none dry to be found even at the stores where the roofs had all been blowed off and the goods were all wet so that our town afforded no immediate
